Re: ORA Appeal

Mr. Bates:

On August 20, 2019, I received a document you labeled as an "ORA Appeal." There is no such thing as an Open Records Appeal. Further, this document states in part, "I would kindly request clarification of your stance that the records I requested are not covered under the Freedom of Information Act." The Freedom of Information Act is a series of federal statutes which is applicable only to federal agencies, not political subdivisions of the State of Oklahoma such as the City of Oklahoma City. 5 U.S.C. § 551 *et seq.* Your document continues by stating that what you requested ("digital audio copies of OCPD radio traffic on June 18, 2014) was either "a radio log" or "audio and video recordings from recording equipment attached to law enforcement vehicles..." Your previous request did not ask for a radio log. It asked for "All radio calls related to the reporting of a sexual assault..." Attached is a copy of the radio log regarding Lt Wegner's call to have the Watch Commander to call him on this date regarding Ms. Ligons' report to Lt. Wegner of a sexual assault. There is no recording equipment attached to the law enforcement vehicle or law enforcement person regarding this incident.

Sincerely,

A handwritten signature in black ink, appearing to read "Richard C. Smith".
